ACCESSORIES

Table Pads

The multi-layered pad combines deluxe supportive high-density PolyFoam complemented by a conforming Visco™ foam layer. This pad provides protection and the added benefit of patient comfort and care. The Pressure-Plus Gel Pads include a top layer of gel for skin shear reduction and added pressure management. The durable non-shear surface covering provides a resilient, four-way stretch for pressure and shear management requirements. The antimicrobial fabric is tear, fluid and stain resistant. The waterfall construction of seams reduces the risk of contaminant absorption. All pads include Velcro® fasteners.

Premium Gel Pads

OZ-751-8075 Pressure-Plus Gel Pad Set – D 850/D 750 4 piece set
OZ-750-8075 Pressure-Plus Gel Pad Set – B 810 3 piece set

Replacement Pads for Premium Gel Pad Set – B 810

OZ-750-9575 Head Section Pad (21" x 9") 1 pad
OZ-750-9675 Back Section Pad (21" x 46") 1 pad
OZ-750-9775 Leg Section Pad (21" x 18.5") 1 pad

Replacement Pads for Premium Gel Pad Set – D 850/ D750

86665 – Pad Gel, Seat Section 86668 – Pad Gel, Head Section
86667 – Pad Gel, Leg Section 86895 – Pad Gel, Back Section

Standard Table Pads

OZ-750-7875 Standard Table Pad Set – B 810 3 piece set

Premium Leg Stirrups OZ-750-1775 (350lb patient capacity)

Heavy Duty Leg Stirrups OZ-751-8975 (720lb patient capacity)

Extremely soft pad provides optimum patient comfort and protection. The unique sliding swivel ball allows smoother adjustment and locks securely for precise positioning. A lightweight, contoured boot can be set to self-align or lock in position. This style of stirrup incorporates the LiftAssist mechanism which allows the user to easily reposition legs during a procedure. Rail Clamps OZ-750-0875 sold separately. (1 pair)

Fits most tables.

Knee Crutch OZ-750-1575

Provides excellent patient comfort and precise surgical positioning for short duration procedures. One easy-to-use handle provides vertical adjustment from 16" to 21" and 360° rotation. Includes Velcro straps for security. Quick Clamps OZ-750-0775 sold separately. (1 pair)

Fits most tables.

"J" Leg Holders OZ-750-1475

An improved "Candy Cane Design" with greater leg clearance. Constructed of stainless steel for smooth operation and improved reliability. Strong rotation lock prevents slippage and permits vertical adjustment from 28" to 41". Quick Clamps OZ-750-0775 sold separately. (1 pair)

Fits most tables.

Arthroscopic Leg Holder OZ-751-1975

Arthroscopic Leg Holder Pads OZ-751-2075 (Box of 12)

Used for knee Arthroscopies, this holder has a built-in ratchet adjustment and includes two disposable pads. Quick Clamp OZ-750-0775 sold separately.

Fits most tables.

**Integral Split Leg Assembly
OZ-752-1375 (D 850/D 750)**

Dual abduction provides exceptional access for such cases as Laparoscopic and Laporoscopic assisted cases. Assembly includes Left and Right Leg Plates.
600lb patient capacity.

**Patient Transfer Board
OZ-752-2475 (D 850/D 750)
OZ-750-8675 (B 810)**

Lightweight and rigid. Used when patient is placed over the secondary Perineal Cutout (reversed on table) to support legs prior to and following Lithotomy positioning. (For patient's legs only)

**Universal Hand Table
OZ-751-2175**

This carbon fiber radiolucent arm and hand table provides a solid working platform and adequate working space for all hand and forearm procedures. Weight: 6 lbs. Dimensions: 30" x 15"
Fits most tables.

**Integrated Shoulder Chair
OZ-751-9475 (D 850)
OZ-751-7975 (B 810)
Chin Strap (box of 12)
OZ-751-8375**

The integrated beach chair mounts in place of the table sections improving accessibility. Rotational ball joints provide exceptional flexibility for patient positioning.
500lb patient capacity.
Fits most tables.

**Quick Clamp - Round Post
OZ-750-0775**

No need to search for table notches when attaching the Quick Clamp. Simply snap onto the rail at any location. Accepts up to 5/8" diameter rod and provides indicatory marks for easy setup. Also features an easy pull-to-release lever.
Fits most tables.

**Quick Clamp - Flat Blade
OZ-751-6175**

Simply snap on at any position on the side rail without searching for notches. Blade clamp accepts 1" x 1/4" flat blade accessories. Also features an easy pull-to-release lever.
Fits most tables.

**Rail Clamp
OZ-750-0875**

Securely locks all accessories anywhere along the table siderail. Attaches at rail ends or notches. Perfect for tabletop extensions and knee/foot board applications. Strong and light-weight replacements for original rail clamps. Accessories can be mounted either vertically or horizontally. Reduces the "free play" associated with standard clamps.
Fits most tables.

**Universal Clamp
OZ 751-6275**

The Universal Rail Clamp is spring-loaded and attaches anywhere along the side rail. It accepts both 5/8" diameter and 1" x 3/8" flat bar mounting posts. Accessories can be held in a vertical or horizontal position.

**Table Width Extender
OZ-750-1275**

Increases the support surface area for larger patients. Clips easily with integral locking mechanism to the rail of any table. Support surface measures 4" x 20". Includes pad and integral side rail for mounting Stirrup Clamps, Arm Boards and/or other accessories.
Fits most tables.

**Imaging Extensions
OZ-752-0175 36" (shown)
OZ-752-1275 44"**

D 850: 400lb patient capacity
D 850/D 750 only: 750lb patient capacity; requires support leg
B 810 only: 70" of full body coverage
Lightweight carbon fiber table extensions attach to the back section allowing extended metal free imaging.

**Integrated Baby Table w/ Pad
OZ-752-0375 (D 850/D 750)
OZ-751-6375 (B 810)**

Scalloped to allow close access to the infant, this carbon fiber accessory mounts in place of the back section and has integrated side rails: 75lb patient capacity.

**Foot Board / Leg Extension
OZ-751-5675**

Foot Board / Leg Extension with 2" pad. Attaches to side rails with side Rail Clamps OZ-750-0875. Rail Clamps sold separately. Dimensions: 12" x 24".
Fits most tables.

**Vascular Armboard
OZ-751-8875**

Lightweight carbon fiber armboard allows 360° fluoroscopy at the arm. 15" width provides large working surface. Weight of the patient is used to hold in place.
Fits most tables.

**Multi-Task Armboard
OZ-750-0475**

Provides arm support for lateral, chair, prone and neuro park bench positions. Lockable ball socket combined with 6" of horizontal travel permits a wide range of positioning flexibility. Adjustable surface extends from 17" to 24" in length and is 6" wide. Soft pad ensures patient comfort. Quick Clamp OZ-750-0775 sold separately.
Fits most tables.

**Standard Armboard
OZ-750-4175**

400lb patient capacity

**Bariatric Armboard
OZ-751-9175**

1000lb patient capacity

Radiolucent armboard that mounts to side rail and is adjusted by a trigger located at the end of the board. A spring lever, accessible from both sides, securely locks the armboard to the rail. Replacement pads OZ-750-9375 sold separately.
Fits most tables.

**Deluxe Armboard
OZ-120-1875**

A unique ball-joint mechanism provides multiple horizontal and vertical positioning options. A vertical height adjustment post gives the user more flexibility with prone and sitting positions. This arm board can also be used with or without x-ray tops (Radio-opaque). Includes gel pad and two Velcro straps. Replacement armboard Straps OZ-120-1830. Replacement pad OZ-750-3475 sold separately.
600lb patient capacity.
Fits most tables.

Pelvic Tilt Plate
OZ-751-9675 (400lb patient capacity)
 Provides patient support for extreme Rev. Trendelenburg. Also provides extended imaging for urology positions.
Fits OPERON D 850/D 750.

Uro Catcher Band
OZ-750-1875
Uro Catcher Bag (Sterile)
OZ-750-2075 (Box of 10)
 Provides excellent fluid containment for Hysteroscopy or Cysto procedures on any table. Flexible drape support frame provides unimpeded surgeon access. Mounts easily to side rails and maintains its funnel shape. Durable latex-free drape has integral tissue retention filter and flexible hose. Compatible with all suction systems for accurate fluid measurement and metering. No messy tape. Complete with integral rail clamps.
Fits most tables.

Perineal Cutout Filler Piece
OZ-751-9975 (D 850/D 750)
OZ-750-8375 (B 810)
 Fills Perineal Cutouts on Head or Seat Sections for added patient support when Perineal Cutout is not used. Includes Velcro fasteners.

Foot Control
OZ-751-8675 (D 850/D 750)
OZ-751-0275 (B 810/B 710)
 Foot control for height, tilt and trendelenburg adjustment.

Universal Neuro Adapter
OZ-751-5575
 Adapter Bar mounts directly onto table side rails. Accepts commonly used Mayfield and specialty headrests.
Fits most tables.

Low-Profile Neuro Adapter
OZ-752-0675
 Adapter bar provides improved clearance for seated procedures. Accepts commonly used Mayfield and specialty headrests. Mounts in place of the headrest.
Fits OPERON D 850/D 750.

Narrow Headrest
OZ-751-7375
 This tapered style accessory gives the surgeon more working space and access to the patient's head. This non-articulating design is especially useful for Ophthalmic and ENT procedures. Requires head rest adapter bar. Works with OZ-751-5575.
Fits all OPERON tables.

Lateral Patient Brace
OZ-750-1075
 Provides secure and comfortable positioning for Beach Chair, lateral, and other procedures requiring optimum stability. This fully adjustable brace can easily accommodate any patient. Soft pad provides cushioning of bony prominence. The swiveling head conforms to anatomical contours and can be securely locked for precise positioning. Rail Clamp OZ-750-0875 sold separately.
Fits most tables.

Fracture Attachment
OZ-170-4004 (D 850)
OZ-750-8175 (B 810)
 The Fracture Attachment accessory is used to repair fractures of the neck of femur, femur shaft and fibia. This unit can be connected to all of our OPERON surgical tables with the appropriate seat plate adapter.
Fits all OPERON tables.

Fracture Attachment (Leg Plates)
OZ-150-4100
 Two separate leg plates that temporarily hold the legs until the feet are positioned in the foot plates. The leg plates are removed for the procedure and re-inserted at the end of the case. (1 pair)
Only fits Fracture Attachment.

Shoulder Support
OZ-751-7075
 Support without direct pressure on the brachial plexus, protecting against nerve damage. Ideal for procedures requiring Trendelenburg.
 500lb patient capacity.
Fits most tables.

Bariatric Nissen Straps
OZ-752-0575
 Supports larger patients during steep Reverse Trendelenburg. The pad is wide and long to offer comfortable support.
 1000lb patient capacity.

Instrument Shelf
OZ-750-4075
 Instrument shelf used during Gynecological and Urological procedures. Attaches to the rail on the Perineal Section and hangs below the tabletop. Shelf can swing under the tabletop for storage when not in use. Quick Clamp OZ-750-0775 sold separately.
Fits most tables.

X-ray Cassette Tray
OZ-751-8475 (D 850/D 750, 17" x 14")
OZ-750-8275 (B 810, 19" x 19")
OZ-751-0675 (B 710)
 Cassette tray securely holds film and can be inserted from either end of the table. Tray will pass over column for complete body imaging. Integrated handle stiffens during use and is flexible for convenient storage.

Bariatric Security Strap
OZ-751-9075
 Comfortable padding for bariatric patients. Four durable straps provide secure hold for patient and simple attachment to table. Pad is 12" wide, 30" long and adjustable up to 80".
 1000lb patient capacity.

Patient Restraint Strap
OZ-750-0975
 Adjusts easily to patient with two buckles. Strap is constructed of strong reinforced padded material for patient comfort, durability and ease of cleaning. Straps are adjustable from 18" to 45" and the midpanel is 5" wide.
Fits most tables.
