

## Upgrade to Flat Panel Technology!

Go from an OR that looks like this, to...

With a cost effective upgrade to your existing BERCHTOLD CRT ceiling arm, your operating room environment can be transformed overnight to provide:

- State-of-the-art Flat Panel Technology
- Smaller, lighter arms and less bulky displays
- Easy maneuverability with positioning at the touch of a finger
- Increased vertical travel, from 19" to 48", allowing for improved visualization
- A sterilizable or disposable handle allowing positioning from the sterile field

...a modern, sleek environment like this.
